### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: Claims 1-2 (amended dated 2/9/04) are allowed over the prior art of record. Current invention claims a switch device having a second switch means controlling the electrical connection such that the first switch means is reduced of the remaining voltage at the contact thereof. Such claimed structure, in combination with claimed limitations of claim 1, eliminates a dead-short problem to the first switch. Current switch device, therefore, does not require an enlarged contact gaps.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Drawings***

2. The drawings are objected to because Figs. 8 and 10 (for example) should be labeled PRIOR ART. A proposed drawing correction or corrected drawings are required in reply to the Office action to avoid abandonment of the application. The objection to the drawings will not be held in abeyance.

### ***Conclusion***

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Please see the attached PTO-892.
